

# Standards Based Grading

It's time to Revolutionize Grading! Subjective (traditional) grading no longer serves a purpose in today's classrooms. Standards-Based Grading provides an accurate measurement and reporting system that communicates students' learning in real-time.

**Tuesday, March 20, 2018**

**Adams County Health Department  
330 Vermont Street  
Quincy, IL**

*8:15 AM Registration  
8:30 AM-3:30 PM Training  
Light Breakfast  
Lunch on Your Own*

## **Target Audience:**

Teachers and Administrators

## **In this introductory session, participants will learn to:**

- Define Standards-Based Grading and identify key attributes of a standards-based grading system
- Develop a mindset change that empowers better learning & assessment practices
- Select traditional grade practices that need to be removed from the current system
- Discover the steps needed to move towards a Standards-Based Grading system
- Design a plan to integrate Standards-Based Grading practices at the classroom, school, and district levels

## **PRESENTER:**

**Cindy Dollman** is a regional Continuous Improvement specialist who has not only implemented standards-based grading, but has also supported numerous school districts in developing and implementing a standards based grading system. Cindy was a key developer in writing a professional learning curriculum around Standards-Based Grading for the state.
